\*If you took a foreign language in middle school, you only have to do one more in high school. Native speakers can test out of their foreign language credit completely (Chinese, etc.)

\*\*Make more room in your schedule by taking Health, Speech, Technology (BIM), and Medical Terminology (if needed as a prerequisite to another course) in online summer school!

\*\*\*Band counts for all PE and Fine Arts credit needed for graduation.

\*\*\*\*Double blocking band is strongly encouraged for all students, but not required. Wind Ensemble and Symphonic Winds members must double block, however.

\*\*\*\*This plan is intended as a guide. See your LTHS counselor for specific class planning.
